

Assignment 02

1. Go to: <https://vjudge.net/>
2. Click Register to open an account
3. Your user name will be: your ID_Your name [example: 140204027_Shibli]
4. Login to your account
5. Go to: <https://vjudge.net/contest/503121>
6. Enter Password: CSE1102
7. There 21 problems, read a problem, code it in code blocks
8. How to submit code?
 - Click "Submit" on the problem page
 - Select Submit by "Myself" [If not possible ignore]
 - Select Language as C
 - Paste the code you wrote in Code blocks in the "Solution" textbox.
 - Click Submit
9. If you get "Accepted" that means you have solved the problem.
10. Each problem will carry 5 marks, therefore the assignment has 105 marks.
11. Try to solve as many as possible.
12. Do not copy code from internet, you friend, or from any other sources. All the codes will be checked by plagiarism checker: <https://turnitin.com/>
13. If copy is found, all of you who copied will get negative marks. [This is code of conduct and will be maintained in a proper manner]
14. The assignment contest will end on 18 July, 11.00 PM.
